

DAY 1 (Wednesday 28th June): Essential Patient Monitoring Course for Biomedical Engineers – David Mulvey

Time
09.50 – 10:00 Course Introduction – Aims and Objectives
10.00 – 10.45 ECG Monitoring
10:45 – 11:00 Impedance respiration
11.00 - 11.30 Refreshments & Exhibition
11.30 – 12:00 Non-invasive blood pressure measurement (NIBP)
12.00 - 12.30 Invasive blood measurement
12.30 - 13.00 Temperature monitoring
13.00 - 14.15: Lunch & Exhibition
14.15 - 14.45 Saturated pulse oximetry (SpO ₂)
14.45 - 15.05 Carbon dioxide monitoring (CO ₂)
15:05 – 15.15 Review
15.15 - 15.45 Refreshments & Exhibition
Course participants re-join the main EBME conference for the final sessions
